Family Care

Family Care gives members the extra help they need to be healthy and safe.

Caring starts here.

What is Family Care?

Family Care is a publicly funded program that helps frail seniors and adults with disabilities manage their long-term care needs. Members enrolled in the Family Care program work with a local Care Team consisting of a Care Manager and a Registered Nurse, plus anyone else the member wants involved, to create a personalized plan that will help them live their fullest life as independently as possible. My Choice Wisconsin supports the Family Care program in 50 counties in Wisconsin.

What do we do?

My Choice Wisconsin is one of the original Managed Care Organizations with a history of service to vulnerable populations. My Choice is an independent, non-stock corporation that provides Medicare and Medicaid programs to over 44,000 individuals, families, frail elders, and adults with intellectual, developmental, and physical disabilities in 67 counties throughout Wisconsin.

My Choice Wisconsin works collaboratively with local agencies and health care providers to ensure our members have ample choices and high-quality support and services from a diverse network.
