### **B. Background Information about My Choice Wisconsin Partnership's Network Providers**

#### **B1. Key terms**

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-Term Services and Supports (LTSS), supplies, prescription drugs, equipment and other services.
  - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a My Choice Wisconsin Partnership member.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a physician, nurse practitioner, or other health care professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.

If you have questions, please call My Choice Wisconsin Partnership at (800) 963-0035 TTY: 711, 8:00 AM-8:00 PM, 7 days a week. The call is free. For more information, visit [www.mychoicewi.org/partnership](http://www.mychoicewi.org/partnership).

## **MyChoice WI Provider Network - Partnership**

---

- You may need a **referral** or **prior authorization** for a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **My Choice Wisconsin Partnership** (not your network PCP) must give you approval **before** we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, **My Choice Wisconsin Partnership** may not cover the service, item, or drug.
  - Referrals or prior authorization are **not** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
    - services from a women's health specialist.
  - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - More information on referrals and prior authorization is available in Chapter 3 of the *Evidence of Coverage*.
- You will also be assigned a care coordinator and a care team. Your care team is a group of advocates and providers working together to provide you with medical, behavioral health, psychosocial, social care, and long-term services and supports in the community or in a facility. You are a member of your care team, and you can tell us who else you would like to participate. Your care coordinator will ask you about your care team members and who you would like to be included. Everyone on the care team and care coordinator works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative

effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of care team may include:

- A **Care Coordinator** that helps you manage your medical providers and services. Your Care Coordinator will also work with you to complete your health risk assessment and create your individualized care plan.
- Your **Primary Care Provider**

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

### **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

### **B3. How to choose a Primary Care Provider (PCP)**

First, you will need to choose a Primary Care Provider (PCP). You may be able to have a specialist act as your PCP. You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in section C and choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you do not choose a PCP in our network, My Choice Wisconsin Partnership will choose one for you.

If you have questions, please call My Choice Wisconsin Partnership at (800) 963-0035 TTY: 711, 8:00 AM-8:00 PM, 7 days a week. The call is free. For more information, visit [www.mychoicewi.org/partnership](http://www.mychoicewi.org/partnership).

- If you want help in choosing a PCP, please call Member Services at (800) 963-0035, 8:00 AM – 8:00 PM, 7 days a week. The call is free. Or, visit [www.mychoicewi.org](http://www.mychoicewi.org).
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers listed at the bottom of this page and ask **before** you get the service or care.

### **B4. Long-term services and supports (LTSS) providers**

As a My Choice Wisconsin Partnership member, you will be able to get Long-Term Services and Supports (LTSS) if you need them, such as environmental modification (minor changes to your home), pest control, home delivered meals, and respite care (relief for your primary caregiver, either in an in-patient facility or at your home). LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community, but could be provided in a nursing home or hospital. LTSS is available to members who meet certain clinical and financial requirements.

If you need LTSS, your Care Coordinator can help you and your Care Team determine what options are available to support you in the way you want.

### **B5. How to access My Choice Wisconsin Partnership's network providers**

You may need a referral for someone who is not a Primary Care Provider (PCP). There is more information about referrals in section B1.

You must get all of your covered services from providers within our network. If you use providers who are not in My Choice Wisconsin Partnership's network (**without prior authorization**), you may have to pay the bill.

A **prior authorization** is an approval from My Choice Wisconsin Partnership to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if My Choice Wisconsin Partnership gives you permission first.

If you have questions, please call My Choice Wisconsin Partnership at (800) 963-0035 TTY: 711, 8:00 AM-8:00 PM, 7 days a week. The call is free. For more information, visit [www.mychoicewi.org/partnership](http://www.mychoicewi.org/partnership).

## **MyChoice WI Provider Network - Partnership**

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
